

## The National Parks Code

Please help protect your National Parks by following these guidelines:

- Leave your pets at home.
- Take your rubbish with you.
- Gas fires only, except on days of declared Total Fire Ban (CFS broadcast notices on local radio 891 ABC and 765 5CC or check CFS hotline 1300 362 361).
- Camp only in designated areas.
- Conserve native habitat by using liquid fuel or gas stoves.
- Respect geological and heritage sites.
- Keep our wildlife wild – do not feed or disturb animals or remove native plants.
- Keep to defined vehicle tracks and walking trails.
- Help prevent the spread of the deadly cinnamon fungus – please comply with walking trailhead instructions.
- Be considerate of other Park users.

**Thank you for leaving the bush in its natural state for the enjoyment of others.**

## Wildlife Watching Guidelines

Always remember:

- Stay on the trail.
- Put the animals' welfare first.
- Move slowly and quietly.
- Observe from a distance.
- Use binoculars for that close-up look.

## Please Don't Feed The Wildlife

Let them fend for themselves because:

- Human food is poisonous to wildlife – it seriously disrupts their natural digestive systems.
- Feeding changes natural behaviour patterns which are essential for survival in the bush.
- Feeding can cause dangerous situations when animals become aggressive and cause injury.

## Walk Safely

Be prepared when bushwalking:

- Wear sturdy shoes.
- Carry sufficient drinking water.
- Keep to the defined walking trail and follow the markers.
- Inform a responsible person of your proposed route and expected time of return.

## Welcome to

# Flinders Chase National Park

Flinders Chase National Park encompasses stunning coastal landscapes, vast areas of wilderness and a diversity of wildlife. Combined with Ravine des Coscous Wilderness Protection Area, the Park conserves almost 75,000 hectares and forms the largest protected area on the island.

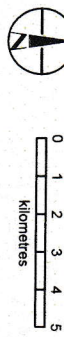

An entry fee applies to the Park – please purchase an entry permit or present your Island Parks Pass at Flinders Chase Visitor Centre at the start of your visit, and display your permit in your vehicle at all times while in the Park.

Walking Trail, Camping and Heritage Accommodation information is available at the Visitor Centre.

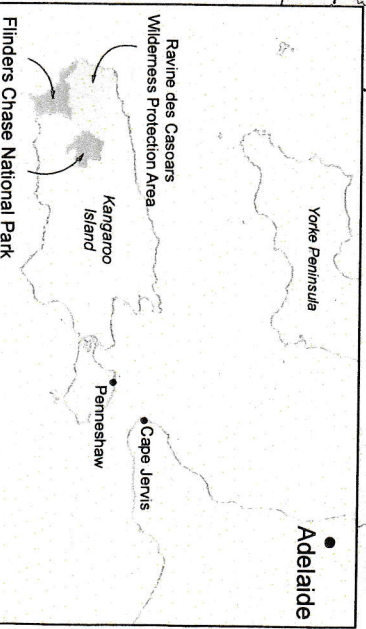

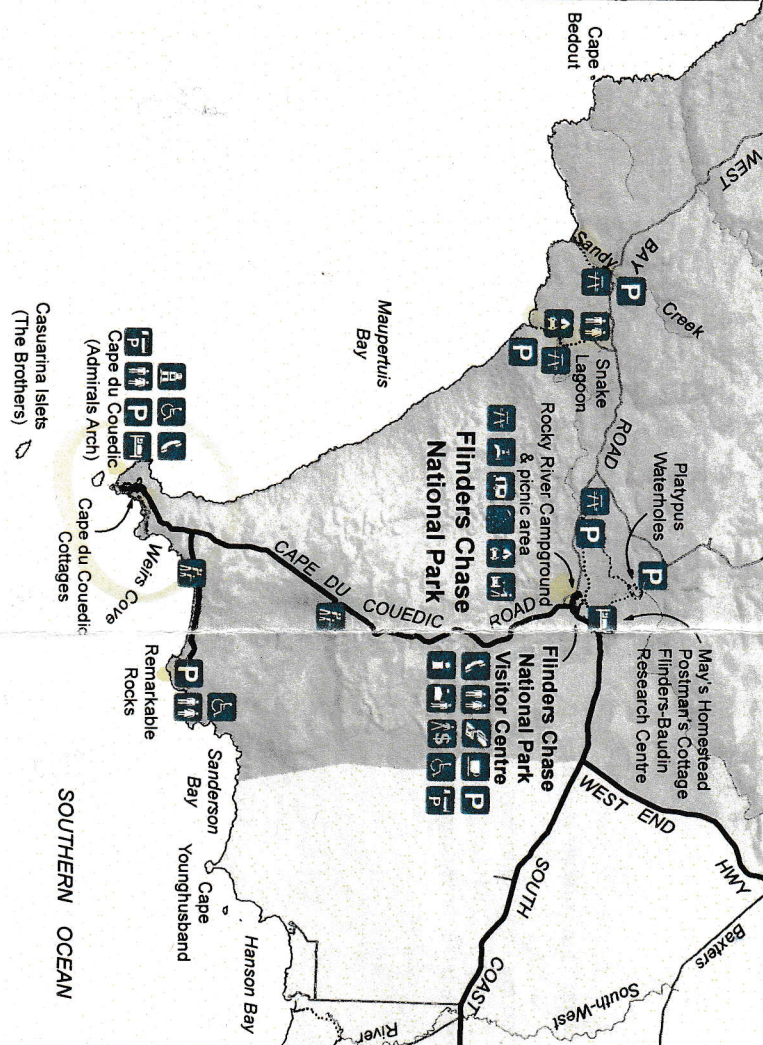

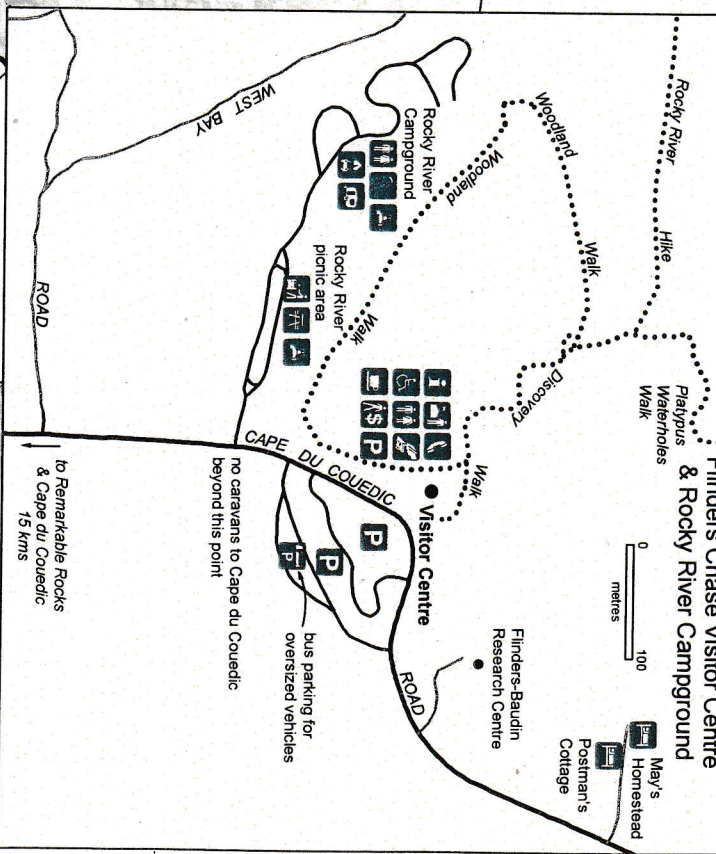

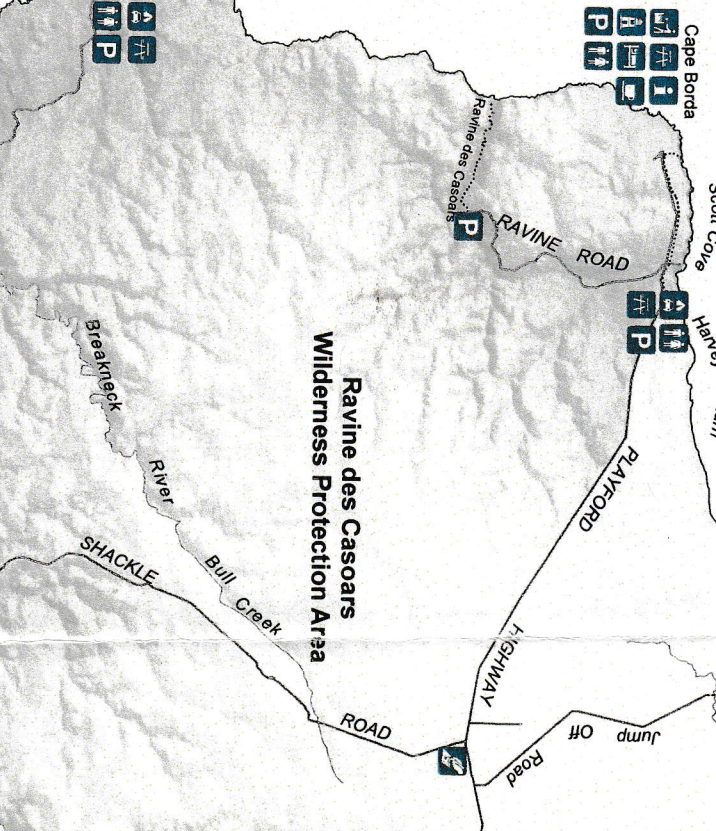

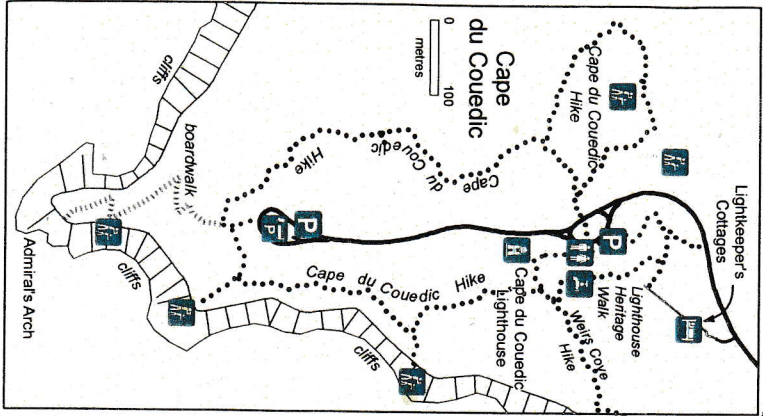

## For Your Safety

You can do much to ensure your personal safety while in the Park by observing the following:

- Obey all road, track and trail signs – they have been provided for your safety.
- Large areas of the island's coastline are dominated by tall limestone cliffs – stay well clear and use lookouts where provided.
- If you are hiking or trekking, leave an itinerary with a responsible person. They should contact police if you have not contacted them by a pre-arranged date and time.
- Stay on walking trails as these have been routed to ensure the easiest and safest passage to your destination.
- Drownings have occurred at Remarkable Rocks. Please observe the warning signs.

- Road - sealed, unsealed
- Walking trail
- Watercourse
- Self registration: Campground
